As the end of the school year approaches, please remember to pick up your child’s medications on the last day of school. Any medication NOT picked up and taken home will be discarded. The school will not store any medication for the next school year.

Also, remember that medication administration forms must be renewed annually. The form and medication may be brought to school in the Fall prior to the first day of classes. **All medication MUST be brought to school by an adult. Students must not transport medications themselves.** This applies to any and all medications including Epi-Pens and inhalers. Both the medication and medication authorization form must be checked in at the office. If it is a prescription medication, the form must be signed by a health care provider as well as the parent/guardian. If the student will carry an Epi-Pen or inhaler with them, the health care provider must check “YES” on the form stating, “Student may carry medication for emergency purposes”.

End of Year
