Reading Skills and Speed Reading Programs for Children and Adults
Offered this Summer on Campus

Dear Neighbor,

For a productive and enjoyable activity with lifelong benefits, we recommend our reading skills and speed reading programs. These eight different programs will turn poor readers into good readers, and good readers into great readers.

**Program for 4-Year-Olds and Entering Kindergartners**
Learn to Read • Phonics • Sight Words
In this fun summer program, your child will learn to read. Children in this program learn letter recognition, beginning phonics, and easy sight words. Your child will learn to read simple words and short sentences, and will develop a love of books and reading.

**Programs for Entering 1st Graders and Entering 2nd Graders**
Phonics • Sight Words • Comprehension • Fluency
In these fun summer programs, your child will become a strong independent reader. Children in these programs learn phonics and sight words, and develop reading fluency and comprehension. Your child will gain confidence and develop a love of books and reading.

**Programs for Entering 3rd Graders and Entering 4th & 5th Graders**
Comprehension • Fluency • Long-Word Decoding
In these fun and effective summer programs, your child will become a skilled, enthusiastic reader. Children in these programs develop long-word decoding skills, reading fluency, and strong comprehension. Your child will gain confidence, be more successful in school, and develop a love of books and reading.

**Programs for Entering 6th–8th and Entering 9th–11th Graders**
Speed Reading • Comprehension • Study Skills
In these effective and enjoyable programs, your student will improve comprehension in both fiction and non-fiction, and will learn to read twice as fast. Students in these programs learn the best way to read textbooks, take notes, and study for tests. Your student will complete homework more quickly and easily, get better grades, and enjoy reading more.

**For Adults, Entering 12th Graders, and College Students**
Speed Reading for Work, School, and Pleasure
In our speed reading program, you will learn to read twice as fast in difficult material such as textbooks and other challenging non-fiction. In easier reading, such as novels and magazines, you will read three times faster. The comprehension, concentration, and retention techniques you learn will enable you to get more out of everything you read.
These popular summer classes are taught by instructors from the Institute of Reading Development. Programs are offered by University of Wisconsin—Parkside. Continuing Education and Community Engagement, a non-profit organization.

To register or receive more information, please call (800) 261-9195. Monday–Friday 7 a.m.–9 p.m., Saturday 7 a.m.–6 p.m., and Sunday 9 a.m.–5 p.m. We encourage you to enroll early, as class size is limited.

Sincerely,

Judy Reilly
Program Director

Schedule of Classes

Classes meet once each week in Kenosha on campus at University of Wisconsin—Parkside.
